

Wholesale Acquisition Cost Information for Connecticut Prescribing Practitioners and Pharmacists

Connecticut law (Public Act No. 23-171) requires that pharmaceutical representatives engaged in legend drug marketing to disclose to a prescribing practitioner or pharmacist, in writing, the list price of legend drugs at the time of each contact. This disclosure provides the Wholesale Acquisition Cost (“WAC”) price for the product listed below.

Marketed product Name	NDC 11	Dosage Form	Strength	Package Size	Package WAC Price*
AVLAYAH™ (tividenofusp alfa-eknm)	84976-0001-01	Single-dose vial	150 mg	1	\$5,200.00

The WAC price represents the manufacturer’s published catalog or list price for a drug product to wholesalers as reported to third-party drug pricing publishers and does not include discounts, rebates, or reductions in price.

The price any individual patient will pay depends on their insurance coverage. To find out the exact cost of a prescription, patients should contact their health insurance company.

Connecticut Public Act No. 23-171 also requires that manufacturers disclose information on the variation efficacy of the drug marketed to different racial and ethnic groups, if such information is available. This information is not available.
